

Do you have Medicare and Medi-Cal?

If so, you can combine all your Medicare and Medi-Cal benefits under one coordinated health plan called **Cal MediConnect**. You can keep seeing your doctors and specialists if they are with a Cal MediConnect plan.

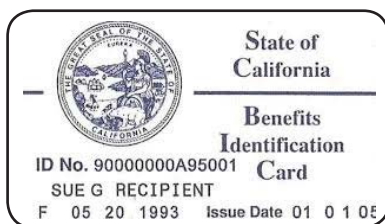

All Cal MediConnect plans include:

- All Medicare (Parts A, B, D) and Medi-Cal benefits and services
- Long term Services and Supports:
 - Multipurpose Senior Services Program (MSSP)
 - In-Home Supportive Services (IHSS)
 - Community-Based Adult Services (CBAS)
 - Nursing facilities
- Vision and transportation benefits
- Care Coordination

With Cal MediConnect, you'll only have **one card** and **one phone number to call** for all your health care needs. You are not required to join Cal MediConnect - you *can* keep your Medicare the way it is today. However, if you keep your regular Medicare, you *must* choose a Medi-Cal plan to receive those services. Visit CalDuals.org or call HICAP for a health plan list.

Do you have Medi-Cal?

Medi-Cal will be provided through a **Managed Long-Term Services and Supports (MLTSS)** health plan. All the same Medi-Cal benefits you receive today will still be covered. You can choose a Medi-Cal health plan, or you will be automatically enrolled into a plan.

Medi-Cal MLTSS plans will coordinate:

- MSSP: Multipurpose Senior Services Program
- IHSS: In-Home Supportive Services
- CBAS: Community-Based Adult Services
- Nursing facilities

If you qualify for Cal MediConnect or if you need to choose a plan for your Medi-Cal, you will receive **blue envelopes** in the mail from the Department of Healthcare Services.
